KIDS' KAIROS

Kids’ Kairos will take kids on a journey of discovery through the Bible to see God’s mission from the very beginning and His heart for all the people of the world to know Him. And guess what? God’s plan all along has been for kids to join Him - He has a place for every believer in His Mission, in His Story! So, get ready for an epic adventure to join God on His Mission, seeing those who have gone before us, learning about new peoples and cultures, and discovering God’s love for the whole world.

Designed For

Kids' Kairos introduces kids to a life based on a Biblical Worldview.

Elementary Ages
5 to 12

Designed to run independently or alongside the adult Kairos course so the entire family can experience it together.

Versatile for Children's Ministry, Youth Camp, VBS, and more.

Flexible run times from one-and-a-half to three hours per session.

You, the Children's Ministry Director, create the order in the time frame that will fit your group.

With extra games, activities, and movement for even more fun!

Currently In Development:

Kids' Kairos is divided into five main sections: Biblical, His Story,* Strategic, Cultural, and Integration.

*We have integrated a history of missionary stories into sessions two through eight giving a "living" historical perspective.

Formatted for several different contexts. The sections of each lesson are essential core building blocks (Bible, Prayer, Small Group time, and His Story). Additional blocks can be added as time allows.

Urgent Needs:

PRAY

FOR:
