

JOINING GOD ON MISSION

About Kids' Kairos

Kids Kairos is a children's discipleship and worldview course that has been three years in the making. Like Kairos, it is an interactive experience that introduces kids to living out the Great Commission, praying for unreached peoples locally and around the world, and stresses integrating the ideas and principles of Kids' Kairos into everyday living.

The curriculum will be complete by the end of this year, and the graphic designs for the printed materials are now being finalized. The final major component is video production, which will extend through Fall of 2026.

We believe that every believer—no matter how young or old—is called to be a disciple who makes disciples. Kids Kairos will fill a critical gap in mobilization by equipping children to understand God's mission and live every day of life on mission with Him.

Financial Need

After a global search, we found an outstanding Christian company—Wonderstory—who has agreed to partner with us on the video project. They will produce seven teaching videos for Kids Kairos, and as a blessing, they have also agreed to create a promotional video free of charge.

We are campaigning to raise \$50,000 before the end of 2025. Funds that are raised will cover:

- Production of the teaching videos for Kids' Kairos
- Additional funds for initial printed materials and training rollouts across the country

By God's grace, in just four weeks, we raised \$22,000 which covered the initial down payment for production. This is a wonderful start—but we still need to raise the remaining video balance and additional expenses to fully complete the project and begin distribution.

Matching Campaign

From September 1 through December 31, 2025, we have been offered a generous matching gift up to \$20,000. This means that your gift could be doubled during this period. This is a powerful opportunity and we believe God can exceed our expectations with surplus.

We invite you to prayerfully consider partnering with us in this vital project. Your gift will directly help children learn to follow Jesus and live every day on mission with God.

As we look toward completing Kids' Kairos, we are deeply aware that this is not just a project—it is an investment in this generation of world Christians. Your partnership makes it possible for children to grow up with a heart for the nations and a lifestyle of mission. Together, we can give them the tools to follow Jesus faithfully and to be disciples who make disciples. We would be honored if you would join us in this vision, and we are grateful for every prayer, gift, and encouragement you share along the way.
